

JMB FAST FACTS

MISSION

To improve the human condition and serve the public good of Maryland and society at-large through education, research, clinical care, and service.

VISION

The University will excel as a preeminent institution in its missions to educate professionals, conduct research that addresses real-world issues affecting the human condition, provide excellent clinical care and practice, and serve the public with dedication to improve health, justice, and the public good. The University will become a dominant economic leader of the region through innovation, entrepreneurship, philanthropy, and interdisciplinary and interprofessional teamwork. The University will extend its reach with hallmark local and global initiatives that positively transform lives and our economy. The University will be a beacon to the world as an environment for learning and discovery that is rich in diversity and inclusion. The University's pillars of professionalism are civility, accountability, transparency, and efficiency. The University will be a vibrant community where students, faculty, staff, visitors, and neighbors are engaged intellectually, culturally, and socially.

CORE VALUES

RESPECT *and* INTEGRITY

We value each other and hold ourselves accountable for acting ethically and transparently using compassion and empathy.

WELL-BEING *and* SUSTAINABILITY

We care about the welfare of our people, planet, communities, and University.

EQUITY *and* JUSTICE

We embrace and are committed to diversity, and we value inclusive and just communities. We oppose racism and oppression in all their forms.

INNOVATION *and* DISCOVERY

We imagine and explore new and improved ways to accomplish our mission through education, research, clinical care, and service.

UM VENTURES

In Fiscal Year 2023, UM Ventures — the joint technology transfer enterprise of UMB and the University of Maryland, College Park — accelerated the translation of research into market-ready technologies and therapies that improve health, wellness, safety, and productivity. Commercialization of technology at UMB alone was substantial:

48 New U.S. patents awarded

6 New startup companies

32 New license agreements

4 New products based on UMB technologies

HEALTH CARE/LEGAL AND SOCIAL JUSTICE SERVICES

School of Dentistry

The only dental school in Maryland also is the largest provider of oral health services to Medicaid children and the largest provider of oral health care to people living with HIV disease who are uninsured or underinsured.

80,000

Patient visits recorded each year in UMSOD clinics, with more than 22,000 patients receiving treatment

Francis King Carey School of Law

The Center for Dispute Resolution, Chacón Center for Immigrant Justice, Gibson-Banks Center for Race and the Law, and Legal Resource Center for Public Health Law Policy provide services and advocacy to improve laws and lives in Maryland and beyond.

75,000

Hours of free legal services provided by students annually through 17 legal clinics

School of Medicine

Faculty, staff, and students annually contribute hundreds of hours of community outreach in hospitals, clinics, homeless shelters, and schools, while programs such as Mini-Med School, Mini-Med School for Kids, and the Seniors Medical Institute provide free faculty-led classes designed to improve health and well-being.

36

Countries in which UMSOM has facilities to provide patient care and conduct research

School of Nursing

The West Baltimore RICH Collaborative, a UMSON-led partnership of 15 community- and faith-based academic and health organizations, aims to address hypertension and social isolation in four ZIP codes selected due to race-based disparities in the represented areas.

700-plus

Community members enrolled in the RICH Collaborative project, which is funded by a \$2.4 million grant from the Maryland Community Health Resources Commission

School of Pharmacy

UMSOP provides clinical service to about 50,000 patients each year in 20-plus practice settings in specialties such as community pharmacy, cardiology, oncology, pediatrics, HIV/AIDS, mental health, geriatrics, and palliative care.

2.5 million

Marylanders helped since 1972 by the Maryland Poison Center, a free 24/7 phone service staffed by pharmacists and nurses certified as specialists in poison information

School of Social Work

The Center for Restorative Change brings together the resources of two longtime community outreach initiatives, Promise Heights and the Social Work Community Outreach Service, to promote social justice and the well-being of individuals and communities.

500,000

Hours of care provided to Maryland citizens annually by UMSSW students

COMMUNITY SERVICE AND ENGAGEMENT

The **Office of Community Engagement** partners with community-based, local, state, and national organizations to improve health, education, economic, and social conditions in West Baltimore, with much of the support provided in direct services at the Community Engagement Center.

UMB contributes to community revitalization and stabilization through its **Live Near Your Work Program**, which helps students and employees buy homes in select Baltimore neighborhoods by providing money for the down payment and closing costs.

The **CURE Scholars Program** is a long-term mentoring initiative that is designed to excite West Baltimore middle and high school students about STEM (science, technology, engineering, and math) subjects and begin preparing them for potential careers in research and health care.

The **Center for Violence Prevention** works to conduct community-based participatory research, provide creative and impactful education, and inform and advocate for impactful policies that will reduce violence and trauma in Baltimore.
