*“Adaptive Community Engagement in Dementia Care Research:
Navigating Disease Progression to Collaboratively Advance Science”*

Presented by

Michael Lepore, PhD

Professor, Department of Organizational Systems and Adult Health
Co-Director, Center for Healthy Equity and Outcomes Research
Associate Editor, *Public Policy and Aging Report*
University of Maryland School of Nursing

Dr. Lepore will introduce an overview of challenges faced in maintaining community engagement and tactics used to contend with progressive cognitive impairment experienced by people living with dementia (PLWD) are described, and the impacts of PLWD engagement on the investigator's research program, including newly funded community based participatory research with PLWD.
