420.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that the University of Maryland, Baltimore Police Department appropriately utilizes criminal intelligence systems and temporary information files to support investigations of criminal organizations and enterprises.

420.1.1 DEFINITIONS

Definitions related to this policy include:

Criminal intelligence system - Any record system that receives, stores, exchanges or disseminates information that has been evaluated and determined to be relevant to the identification of a criminal organization or enterprise, its members or affiliates. This does not include temporary information files.

420.2 POLICY

The University of Maryland, Baltimore Police Department recognizes that certain criminal activities, including but not limited to gang crimes and drug trafficking, often involve some degree of regular coordination and may involve a large number of participants over a broad geographical area.

It is the policy of this department to collect and share relevant information while respecting the privacy and legal rights of the public.

420.3 CRIMINAL INTELLIGENCE SYSTEMS

No department member may create, submit to or obtain information from a criminal intelligence system unless the Chief of Police has approved the system for department use.

Any criminal intelligence system approved for department use should meet or exceed the standards of 28 CFR 23.20.

The Investigations Division Lieutenant or designee will be responsible for maintaining each criminal intelligence system that has been approved for department use. The Investigations Division Lieutenant or designee shall ensure the following:

- (a) Members using any such system are appropriately selected and trained.

the Investigations Division. Any supporting documentation for an entry shall be retained by the Investigations Division in accordance with the established records retention schedule and for at least as long as the entry is maintained in the system.

420.4 TEMPORARY INFORMATION FILE

No member may create or keep files on individuals that are separate from the approved criminal intelligence system. However, members may maintain temporary information that is necessary to actively investigate whether a person or group qualifies for entry into the department-approved criminal intelligence system only as provided in this section. Once information qualifies for inclusion, it shall be submitted to the supervisor responsible for consideration of criminal intelligence system entries.

420.4.1 FILE CONTENTS

A temporary information file may only contain information and documents that, within one year, will have a reasonable likelihood to meet the criteria for entry into an authorized criminal intelligence system.

Information and documents contained in a temporary information file:

- (a) Must only be included upon documented authorization of the responsible department supervisor.
- (b) Should not be originals that would ordinarily be retained by the Investigations Division or Property and Evidence Section, but should be copies of, or references to, retained documents, such as copies of reports, field interview reports, Communications records or booking forms.
- (c) Shall not include opinions. No person, organization or enterprise shall be labeled as being involved in crime beyond what is already in the document or information.

420.4.2 FILE REVIEW AND PURGING
